HELEN M. BARTON

*In recognition of the aid and friendship so freely proffered by her to everyone, and of the contributions which she has made to the college, particularly in the field of women's athletics, the Sophomore Class most sincerely dedicates this volume of the Sequelle to Helen M. Barton, Women's Director of Physical Education, and Sponsor of the Sophomore Class.*

## Foreword

In this, the 1931 volume of the *Sequelle*, we have tried to record faithfully our college life, its friendships and interests, hopes and achievements.

May it be accepted in the spirit with which we place it in your hands—that of a work to which has been given our best.

Overlook its faults; seek out its merits. May it, in the future, ever serve to call up delightful memories.

## The Purple and the Gold

*Have you seen our banners waving  
On the fields or in the hall,  
Where the students all assemble,  
As they hear the old bell call?  
These bright colors, gaily floating,  
Speak alike to young and old  
Of the joys of Clarion College  
And the Purple and the Gold.*

*If you've seen our banners waving,  
If you've heard our singing, too,  
And the voices of our cheering  
Have brought any thought to you,  
Then we know you've thrilled with pleasure  
And you've felt a pride untold,  
For the glory of our College  
And the Purple and the Gold.*

Moderato

I'm going straight back and  
 stay back in that dear old school. The place we love best of all. Oh, can't you  
 hear Char - me call, it just a - wake me. But - there's a race for it - yes, good and  
 true. So I'm going back for much that I lack. That's clear on, true blue.

**SENIORS**

**CLASS HISTORY**

The degree courses have not been offered long enough for an organized class to come up through all four years, hence this year's Senior Class, like those before it, is rather cosmopolitan in nature, being made up of graduates from two and three year courses who have gone on with the subjects necessary to attain a degree, of experienced teachers who have come back to take the additional work, and of those who changed from some other course soon after Clarion was granted the power of conferring a degree.

Though the class as a group has not engaged in many activities, its members are prominent in the social, academic, and athletic sides of campus life. The class has sponsored one outstanding function this year, however, in the play "A Scrap of Paper" presented by an all Senior cast.

At this, the closing of our last year at Clarion, we Seniors feel keenly the bonds which tie us to the college, to its instructors, to the under-classmen, and to one another. We leave, however, with a sense of accomplishment—with a feeling that we have benefitted ourselves and others by our stay at C. S. T. C.

### CLASS HISTORY

Three years ago, an enthusiastic freshman class entered our college. The class then numbered over one hundred twenty-five but so many were graduated last year from the two year courses that there are now only twenty-two.

Last year the members of this class were subjected to the Carnegie Tests, as were the sophomores from all other teachers colleges of the state, and the highest scores were attained by those in the group which is here this year. Needless to say, the college draws a great percentage of its leaders from this able group.

Mr. Manson is a favorite with our class, as may be seen from the fact that this is his second year as our sponsor. The Juniors, as a class organization, do not engage extensively in any activities other than in entertaining the Senior Class.

## CLASS HISTORY

Two years ago, 120 young men and women came to a momentous point in their lives when they were admitted to Clarion State Teachers College. Little did they suspect that their group was to become one of the most outstanding classes the College has ever known.

Initiation was not much of a success, so as Freshmen the class had little to do save wear the customary green, and occasionally entertain the upper-classmen. The need for class organization soon became apparent so under temporary officers the following permanent officers were elected: President, Robert Walker, Vice-President, Lewis Wells; Secretary, Pauline Heasley; Treasurer, Evelyn Hoffman. The main class function during this year was the Freshman Hop, on February 14, acclaimed the best in years.

As Sophomores, the spirit of the class has been fostered and increased, and its members have branched out into participation in all phases of campus life until now a great number of the leaders in sports, in activities, and in scholarship are Sophomores. The initiation this year culminated in a brief but exciting inter-class rush in which the Sophomores defeated the Frosh. The officers of the class during this year are: President, Lewis Wells; Vice-President, Milliteen Kopp; Secretary, Norva Heeter; Treasurer, Tilmae Gosetti.

Now approaches the time when the class shall be disrupted, the two year students leaving to enter the teaching profession, the four year people remaining to carry on the traditions of the class. Little more remains to be said. The future lies before us, behind us lies—tender memories.

# FOOTBALL

When Coach Jones set about to organize the 1930 football squad he was faced by one of the hardest problems that could possibly confront him. Of last year's squad ten men had been graduated or had not returned. Clyde Moore, captain of '29 and an excellent linesman; Elwood "Ben" Rowley, a fast quarter; "Joe" Stranges, who was a born football player; and "Cockey" Gray, the flashy fullback, were among those gone. Of really experienced men for this year's squad there remained only Captain Joseph Kata, good at tackle; Robert Lindquist, an excellent center; William Russell, outstanding at end; John Barger, a dependable guard; and "Bob" Powers, a sturdy tackle.

Around these men as a nucleus, Coach Jones had to build his line. As guard, Ralph Stauffer, who spent a year with the Penn State Freshmen, was selected. "Jim" Kassel was given a place as end, and John Caldwell received the position of tackle. This completed the line.

The backfield had to be organized entirely anew, not a man being left from last year. The selections made were: Wesley Travis, quarterback; James Sinclair, one of the half-backs; and Willard Shreffler, a speedy man, fullback. For the other half there remained Daniel Coleman and Ray Doverspike. This left as reserve material Taylor, Bowser, Marshall, Simpson, Fulton, Ramsey, Thomas, Riemer, Spence, and Lees.

Upon these men were centered weeks of training. Some of the rawness of the new recruits disappeared and the whole squad began to be whipped into form. The team looked good but there was a dearth of reserve material. Then began a long and disappointing season with but one victory throughout. The men were for some reason unable to "snap out" of the losing streak into which they had fallen and went down to hard-fought defeat time after time. Now that the season is over we can view it more calmly and look ahead to a more satisfactory one in 1931. The Schedule for next year is as follows:

Sept. 26	-	-	-	-	-	-	-	-	Allegheny at Meadville
Oct. 3	-	-	-	-	-	-	-	-	Open
Oct. 10	-	-	-	-	-	-	-	-	Alliance at Cambridge Springs
Oct. 17	-	-	-	-	-	-	-	-	Indiana at Indiana
Oct. 24	-	-	-	-	-	-	-	-	Slippery Rock Here
Oct. 31	-	-	-	-	-	-	-	-	California at California
Nov. 7	-	-	-	-	-	-	-	-	Edinboro Here
Nov. 14	-	-	-	-	-	-	-	-	Lock Haven at Lock Haven

THE 1930 FOOTBALL SQUAD

*First Row*—Sinclair, Kassel, Caldwell, Captain Kata and "Tuffy" George, Mascot, Bowser, Shreffler, Russell.  
*Second Row*—Travis, Simpson, Powers, Stauffer, Doverspike, Fulton.  
*Third Row*—Wilson, Manager, Taylor, Lindquist, Spence, Lees, Coach Jones.

# FOOTBALL 1930

JOHN O. JONES

*Coach*

Coach Jones deserves much credit for his work with the football squad of this and past seasons. This makes his fourth successful season as football coach at C. S. T. C. He has, also, a formidable record from the University of Illinois, and as coach at Royal Oak High School, in Michigan. We sincerely hope that Coach Jones will be connected with C. S. T. C. for years to come.

CAPTAIN JOSEPH KATA

*Tackle*

Captain "Joe" Kata proved himself more than worthy of his position by his ability to think his way out in moments of close playing. Besides this he was one of the outstanding linemen of the team, mixing in all plays and at times being down the field under kicks with the same speed as his ends. Kata will be back next year to form a valuable part of what should be a successful team.

ROBERT LINDQUIST

*Center*

"Bob" was elected the most consistent Senior on this year's team. He takes his athletics seriously, never having missed a night of practice. He was a mainstay in the line and a natural leader who set a splendid example for his teammates. We are sorry that "Bob" is leaving us, but we are consoled by the thought that success will follow him wherever he goes.

JOHN CALDWELL

*Tackle*

John came to us this year with quite a successful record. He upheld his record in every way during this season. Johnny was one of the fastest starting men on the squad, and many times broke up plays when they should have been stopped by other men. He leaves us this year by graduation.

# FOOTBALL

ROBERT POWERS

*Guard*

"Bob" was shifted from his position at tackle on the '29 team to guard on this year's squad. At this position he has shown himself equally dependable, being very aggressive on both offense and defense. This makes his third year of football at C. S. I. C. leaving him another year with us. We look forward to his help in making the season of '31 a success.

RALPH STAUFFER

*Guard*

This was Ralph's first year at football here, "Pop" came to us after playing a year with the Penn State Freshmen. He played an exceptionally good game throughout the year. He shows promise of even better work in the future and we hope that he will be back with us again next year.

WILLIAM RUSSELL

*End*

Bill in his old position as end completed his second successful season of college football. Russell was a very good offensive player; he had the second highest individual point score. Bill makes a greater improvement in his playing each year, and we know that he will have two more years on the Purple and Gold squad in which he will show to even better advantage.

JAMES SINCLAIR

*Hallback*

Jim was high point scorer for the season. He had what might be called an educated toe when it came to drop-kicking for extra points. He was one of Clarion's most dependable men, consistently hitting the line hard and executing his plays with precision and dispatch. He was an exceptional defensive player and will be of aid in securing success next year.

# 1930

## WESLEY TRAVIS

### *Quarterback*

Wesley in his position at quarterback played very well throughout the season. He used very smart generalship at all times. His ball-handling and encouraging voice were big factors in the general team-play. "Travy" has the qualities of a leader, and he handled the team very efficiently—at times brilliantly.

## WILLARD SIMPSON

Willard, playing his first year of football, has shown us that he has the qualities of a good player. His playing was uniformly good and at times was featured by exceptional brilliance. With a little more experience he should be playing a stellar game.

## GEORGE BOWSER

George Bowser, utility end and tackle, could play either position with a great deal of efficiency. George has a wonderful physique and was able to endure the hardest of bumps. This was his first year of college football, but one would never know it from his playing as he handles himself like a veteran.

## WILLARD SHREFFLER

### *Fullback*

Williard was the hardest line-smashing back that we had this year. "Wid" is a heavy man with piston-like legs and can run the 100 yard in 10 seconds—making him especially suited for his position. Only a Freshman, he played like a veteran. Great things are expected of "Wid" in the future, and we know that he'll come through.

# FOOTBALL

JAMES KASSEL

*End*

This was Jim's first year with our football team. He was bothered at times with a bad knee, but missed only one quarter during the entire season. He was a bulwark on defense and a dangerous man on the offense—in fact at any time he was a source of worry to the opposition. "Jimmy" has two more years of football at C. S. T. C. and he should make a record for himself during that time.

RALPH FULTON

Ralph in the backfield showed exceptional ability in running interference and blocking opposing players. He played snappy football throughout the season. This was "Posey's" first year in a football suit, and we must say that he handled himself exceptionally well.

KENNETH TAYLOR

Kenneth Taylor, utility center and linesman, has been for the second year on the football squad of Clarion State Teachers College. "Ken" gave a very creditable account of himself in all the games in which he played. Having two more years at C. S. T. C. we feel sure that he will be a regular next season.

RAY DOVERSPIKE

Ray, in the backfield, was the shortest and stockiest player we had. When "Dovey" was out on the field you could always expect to witness him playing a fine game. Because of injuries "Dovey" was seriously handicapped, but despite these he came through the season in great style. He shall be here two years yet.

# 1930

THOMAS WILSON

*Manager*

"Tommy" handled the business end of football very efficiently in this, his first experience as football manager. He was the answer to the need created by the graduation of our former capable manager, Paul Stewart. "Tommy" supplanted him very efficiently—a more willing and dependable manager would be hard to find. The fellows appreciate his services a great deal.

VICTOR VASSIA

*Student Assistant Coach*

"Vic", it was, who helped to get the squad in shape, his vigorous training doing much to keep the fellows toughened and fit for work. He at one time starred for Thiel, this background of experience making him a very capable man to superintend the squad's practice. The members of the football squad appreciate his work and wish him the success that he richly deserves.

ALVIN MARSHALL

*Quarterback*

Alvin had the honor of being chosen as the Freshman showing the most improvement during the season. This was "Big's" first year in a football suit, making even more striking the nerve and courage which he displayed when on the field. We could have written much more about this brainy little player, but only those who have seen him in action will realize the greatness he may some day attain.

DANIEL COLEMAN

Dan in the backfield was a very dangerous player. He is a triple threat man, being able to kick, pass, or run with the ball, and do all very well. It was in kicking, however, that he was especially outstanding. In one game Dan stood behind his own goal line and kicked the ball over the opposing team's goal line. No one who saw that kick will ever forget it or the man who made it.

THE INDIANA GAME

KENNETH LEES, PHILIP RAMSLEY, JOHN RIEMER, RALPH THOMAS, and WAYNE SPENCE proved themselves football players of merit even though they did not get in enough games to receive the "C". These men were very loyal and deserve fully as much credit as those who won their letter. It is, in fact, much harder for a man to come out and take the bumps and then not get to play in many games than it is to get into every battle. These fellows deserve a rousing cheer for their sportsmanship and devotion to the game. With a little more experience they shall make some of the old players work hard for their positions.

O. JONES  
Coach

Immediately after the close of the football season Coach Jones issued a call for basketball candidates. Twenty-five men, all aspiring to positions on the varsity, responded. After a week of light practice, conditioning, and fundamentals the squad was reduced to fifteen men. After this the hard work of preparing the varsity to meet its nine game schedule really began. Practice was made difficult by the fact that the gymnasium was torn up in the process of rewiring, it being necessary to go to the local high school gym. In spite of this and other difficulties the squad began to take on polish and quite an efficient machine was built up.

The first game of the season was played at Brookville with the well-known Senior Y. M. C. A. team. The game was a clean, hard-fought affair throughout, one in which almost the entire squad got a chance to play. Clarion emerged the victor, the final score being 35-21.

On January 24, the Clarion Yellow Jacket quintet journeyed to California to play the Teachers College at that place. The game was very exciting and closely played. Snyder, in college competition for the first time, played a capable game. Williams, Clarion captain, played in hard luck the greater part of the evening, yet managed to tie Maballey in scoring with a total of seven points. California finally won after the score had see-sawed back and forth many times. The score, 33-28, rather disappointed California—they had looked for an easy triumph in their fourteenth game of the season.

The high spot of our season was the defeat of Indiana in the local high school gym in the varsity's first home game. This game was a highly fascinating fracas, featured by a "dime novel" climax. During the last minute of play Lidstone sank a perfect charity throw, making the score 19-18 and with Clarion holding the lead until the final whistle. The locals led Indiana at the half by an eleven to nine score. Fast play and numerous fouls featured the second half, with Indiana outscoring Clarion nine to eight.

The fourth game of the season was played with Slippery Rock S. T. C. in Slippery Rock's new gymnasium. The "Rockets" were masters of the situation during the entire game, emerging on the long end of a 34-19 count. Clarion played a clean, hard-fought game, but did not seem to be a match for the State Teachers College Champions of Western Pennsylvania.

In the next game of the season Clarion was forced to take the short end of a 32-25 score at Indiana. After having taken Indiana into camp two weeks previously on the local floor, the Clarion boys had their hearts set on repeating the trick at Indiana, but in the first half they could not get started. Coming back in the last half with determination, the Jonesmen began closing the wide gap which Indiana's scoring had created during the first part of the game. Williams scored five times from the field during the last minutes of play, but the Clarionites found the task of overcoming the lead too great, the final whistle revealing a score of 32-25.

Clarion obtained sweet revenge on California in the local gym, when they sank the California ship to the tune of 26-22. There was no question as to the outcome once the Clarion men found their eyes in the second

half of the game, but the first half left them trailing 15 to 12. The later part of the fray was featured by the defensive playing of Kata and Russell, who, time and again, broke up the visitors' attempts to get going. "Jock" again led Clarion in scoring.

In a combination football and basketball game, Edinboro set down the Purple and Gold passers 21-14 in the local high school gymnasium. Clarion held the lead until the last few minutes of play when Edinboro forged ahead, making the score 15-14 in their favor. It was then that Anderson of Edinboro, who had been checked closely during most of the game, broke through for three field goals in rapid succession, making the final score 21-14.

It was in the eighth game of the season, in which Clarion threw a scare into the Slippery Rock camp by forcing their quintet into an overtime period in the local gym, that the Purple and Gold passers displayed the best form they showed at any time in the season. The locals led 7-2 in the first part of the game, then Slippery Rock came back to take the lead at halftime, 15-8. In the second half a steady rally enabled Clarion to close the gap and forge ahead by one point with seconds to go. Then a Clarion man fouled and Slippery Rock converted, tying the score. In the overtime period Slippery Rock emerged the victor, 28-24.

The final game of the season was played at Edinboro on March 6. The game was a weird and ragged exhibition on the part of both teams. Little passing was done—whoever got the ball shot it. The game whistle found the score to be a most extraordinary one, 59-40, in favor of Edinboro.

This game and many of the previous ones were played over and over again on the bus when the Clarionites returned home from Edinboro. And so ended another Clarion basketball season.

TRACK  
1930

Last spring C. S. T. C. established a new record in its athletic history with a clean-cut and decisive victory in track over the Indiana Teachers on May 20. C. S. T. C. showed a superiority in distance events, shot puts, and discus. The final score was Clarion 67, Indiana 47.

In the only other meet of the season Clarion journeyed to California and was beaten 59½ to 54½. The outcome of the meet was not decided until the final event of the day, the relay, which California won by a few yards.

Our record for the year was unusually good, Clarion scoring 121½ points to a total of 106½ points scored by her opponents. Since Clarion does not have the large number of candidates to pick from that other colleges of this section have, we are only the more proud of the superior team which she produced, a team able to beat Indiana, last year's champions.

"Ben" Rowley, captain of 1930 track, led the team very capably, indeed. At the close of the season Carl Smith was elected captain for 1931.

THE 1930 TRACK SQUAD

Second Row—Coleman; Johnston, Rowley, Captain; Neal, Manager, Daum, Ruffner, Smith, Captain-Elect.

## The SEQUELLE

The men scoring points and the sum of the points scored in both meets by each are as follows: Coleman, 34; Smith, 20; Ruffner, 18; Rowley, 9; DuMars, 8½; Johnston, 5; Ramsey, 5; Daum, 4; Kremmel, 2; Russell, 2; Kassel, 2; Lindquist, 2; Relay Team, 10.

Letters were awarded to Captain Elwood Rowley, Captain-elect Carl Smith, Daniel Coleman, Paul Ruffner, Wilbur DuMars, Russell Daum, Phillip Ramsey, Joseph Johnston, and Manager Frank Neal. With most of these fellows back the prospects for another successful track team this year are very bright.

### OTHER SPORTS

This year several tennis tournaments were arranged for in conjunction with the men's physical education courses, but on account of the courts not being kept up in anticipation of their removal to a new location, they had to be called off. With new courts next year it is to be hoped that there will be increased interest in the sport.

A basketball tournament was also arranged for among the men, who were divided into groups coached by various members of the varsity squad, but after more than half the games had been played it had to be called off.

Many unorganized sports are to be found on the campus. Mushball and tumbling are engaged in as an adjunct to physical education classes. The nearby river attracts some for boating in the summer time and skating during the winter. A few skiing enthusiasts are to be found also.

### OUR NEW GYMNASIUM

With the completion of our new gymnasium, now under process of construction, many new opportunities in indoor sports will be afforded the students of Clarion State Teachers College. This structure, pictured on the following page, will contain a playing floor 54 feet by 80 feet and a swimming pool 20 feet by 60 feet, besides dressing rooms, showers, and spacious bleachers. The building will cost upwards of \$100,000 and with its completion early this summer Clarion will have one of the finest gymnasiums of the state.

With the new playing floor many of the handicaps of the old gym, in the basement of the Chapel Building, should be eliminated, particularly the lack of seating capacity and convenient dressing rooms. The new swimming pool should be an especially welcome feature with its opportunity for indoor water sports of all kinds.

### CHEERLEADERS

The cheering was very efficiently handled this year by Lewis Wells, Edward Shankle, Kenneth Williams, and Donald Mahaffey. They know their "three R's" in cheerleading (we almost saw three R's) and did not hesitate to show the fact to opposing schools. Many sore throats in the past may be attributed to their efforts, through pep meetings at chapel and elsewhere, to arouse that well-known "Clarion Spirit" to a pre-game pitch. Cheerleaders are very instrumental to the success of any athletic team and we are sure that these fellows deserve much more credit than has been given them.

THE NEW GYMNASIUM

Architect's drawing of the new gymnasium as it will look when completed. This building, now under process of construction and to be finished early this summer, is a structure 144½ feet long and 70 feet wide, containing a playing floor 54 feet by 80 feet and a swimming pool 20 feet by 60 feet, in addition to classrooms, offices, dressing rooms, and spacious bleachers. Its cost is to be upwards of \$100,000.

# HOCKEY

Hard work, splendid sportsmanship, and a spirit of friendly rivalry marked the close of this year's hockey season in December.

Hockey has been a major sport in women's athletics this year, intra-mural hockey having been developed in our physical education classes. Helen Elkin's team carried away the honors there.

The Freshman and Sophomore teams played off a tournament of three games, two of which were won by the Freshmen. From these two teams the following varsity was chosen: Gosetti, Cheatham, Rea, Riddle, Swartzfager, Elkin, Hoffman, McCall, McKinley, Bruce, and Irwin.

Due to reverses in the weather, the soccer squad was at some disadvantage. Mud prevailed, but the energetic soccerites didn't "stick"—the girls showed their grit by playing two well contested games on the swampy fields. The winning of this soccer tournament by the Sophomores served to even the score between the two class teams. The following persons, picked from both teams, make up the varsity: Rossman, Freedline, Gosetti, McKinley, Best, Moore, Truby, Rea, Swartzfager, Campbell, and Elkin.

*Coach of Women's Athletics*

MISS HELEN BARTON

Miss Barton is one of the outstanding personalities of Clarion State Teachers College. She is a musician of no mean ability as well as a specialist in the field of physical education. Her inspiring leadership has endeared her to all.

By placing women's athletics on the plane of intra-mural sports she has developed an interest which keeps both Sophomores and Freshmen eagerly working to win. Miss Barton is adept at keeping the spirit of competition above board. She has helped us to work not only that the best might win, but also that the best in athletics might be won.

**BASKETBALL**

The basketball season closed with the same intense interest in which it opened. Though the "freshies" in their jumpers looked "pretty green", the Sophomores discovered that their basketball technique wasn't so bad. The three games of the basketball tournament were all won by the Freshmen.

The winning of the basketball championship by the Freshmen broke the tie in the intra-mural athletic tournament which had existed up to this time.

From the two teams, Freshman and Sophomore, the following varsity was picked: Rossman, Boyle, Rea, McCall, Nelson, and Hoffman.

**OTHER INTRA-MURAL SPORTS**

At the time the Sequelle goes to press intra-mural contests have been played off in only hockey, soccer, and basketball. We expect soon to take up volleyball, mush ball, and perhaps tennis. These will be brought to a close at our Play Day, some time in May, when letters will be given to those girls having the greatest number of points in intra-mural sports.

## *The* SEQUELLE

Letters were awarded to twelve young women last year for their outstanding work in athletics. This included participation in hockey, soccer, basketball, and volley ball, and making varsity in at least two of these sports. The awards were made on the basis of individual ability, teamwork, and good sportsmanship. The following received letters in 1930:

RUTH CAMPBELL—Whose work as hockey and soccer fullback on the Sophomore team made the Freshmen despair of ever making a goal.

MARY CHEATHAM—The girl from Missouri who, we soon learned, was a full-fledged athlete. Her fine playing in every game made her one of the two women to tie for highest number of points toward a letter.

MILVA MONKS—Speed made her the indispensable wing of the Sophomore soccer and hockey teams. To her goes credit for often getting the ball dangerously near the Freshman goal.

MADEINE COLLIER—Another Freshman who has made athletics one of her chief interests. No basketball team would be complete without "Connie" for center.

VIRGINIA FRITH—Who knew how to "sock" a hockey ball as hard as any of the Sophs. "Ginny" also proved to be an excellent guard on the Freshman basketball team.

THELMA GOSFILL—The goal keeper who often saved the day for the Freshman team when all hopes seemed gone. Her cool, level-headed play when the ball approached the goal line made her an indispensable goal keeper.

GERMINE LOOS—The little blonde who played fullback with Ruth Campbell and made complete a campus-famed team of hockey fullbacks. "Gerry" was also a very good volley ball player.

TWILA REA—As capable an all-around athlete as could be found on the campus. Particularly do we know "Twink" as the speedy side-center in basketball, and as a good volley ball and hockey player.

STEPHA RHEA—Another Sophomore blonde who took part in all athletics. Center on the basketball team, and a member of the volley ball, soccer, and hockey teams, she was an excellent teammate and formidable opponent in all.

RUTH RIDDLE—Small but powerful, Ruth tied with Mary Cheatham for highest number of points out of the eleven letter winners, having made three varsities and the basketball squad. Her powerful drive in hockey and volley ball greatly aided the Freshman team in conquering the Sophomores.

FLORENCE REAGHART—The most aggressive player on the Soph teams. Her fighting spirit spurred her teammates on and kept the Freshmen "on their toes" in any game in which she participated.

MARTHA KLINGLER—A girl who could keep calm under all the trying circumstances of a basketball game. She formed, furthermore, an excellent part of the other Sophomore teams matched against the Freshmen.

The Young Women's Christian Association strives to establish the spirit of good will and friendship among the college women. It endeavors to give each girl an opportunity to take part in all "Y" programs. By means of "Y" greetings, receptions, teas, and "Big Sister Campaigns," the organization tends to aid the Freshmen women in adjusting themselves to life in the College.

During the year girls representing the "Y" Cabinet are sent to various conferences in the state. At Christmas time food and clothing are sent to needy families. The candle light services, held in the Chapel or out of doors, help us to maintain the spiritual life that is most needed in the College.

 And it alone may we carry back  
 As the thing which shall endure.  
 And thus, uplifted, do we mount  
 To realms of world forgotten joy—  
 On wings of living Song."*

The 1930-31 season of the Women's Glee Club was a most unusual one. The personnel of the club this year was of superior musical talent. The show was "bigger 'n better 'n ever." Two performances of our concert were staged in Clarion; out of town bookings were numerous. An experiment instigated by Mr. Bland in the exchange of Glee Clubs between Slippery Rock and Clarion proved to be a delightful innovation to both colleges. Clarion has undoubtedly set a precedent for glee clubs of other state teachers colleges to follow in the future.

Much credit is due "Pop" and "Mom" Bland, our able music instructors, and Miss Helen Barton, dance instructor and cellist. To them the success of the organization rightly belongs.

Up to the present time, under the capable supervision and direction of Mr. Manson, the members have enjoyed trips to various spots of interest in and about Clarion and to places somewhat farther away, as Cook's Forest, Camp Kauffman, Honesta Fish Hatchery and so on.

Fraternalities have but recently made their appearance on the campus, the first social fraternality Alpha Gamma Phi having been established March 8, 1930. The following month Alpha Phi Alpha was established. The third social fraternality, Sigma Phi Delta, appeared the next term during October, 1930.

The beginning of women's fraternalities or sororities here was marked by the establishment of Zeta Kappa Nu during April, 1930. The following term three sororities appeared in quick succession - Sigma Delta Phi in November, 1930, and Lambda Chi Delta and Theta Alpha Lambda both in January of 1931.

Honoratory fraternalities are represented by Phi Sigma Pi and Pi Gamma Mu, the local chapters of both having been established in May, 1930.

The fraternalities and sororities, with the exception of the honoraries, are all local in character but in time should expand or become associated with nationals. While each fraternality is largely interested in its own welfare as a social unit, they are united in the common interest of fostering fraternalities in general. For this reason an Inter-fraternality Council, composed of three representatives from each social fraternality, has recently been organized. Through it rules concerning rushing and other matters of inter-fraternality conduct are being formulated. A similar function among the sororities is played by the Pan-Hellenic Council.

## SEQUELLE

Emblematic of all that is intellectual and artistic, the Grecian theme as developed in this volume of the *Sequelle* is particularly in keeping with the standards of scholarship and beauty which have ever been Clarion's.

This year the *Sequelle* was made purely a Sophomore publication with the staff chosen entirely from that class. In following years, however, it would seem advisable to have the associate editors chosen from the Freshman Class that they might have the advantage of more training and experience when they become responsible for the annual's publication.

The 1931 *Sequelle* is in answer to the demand for an annual that will compare favorably with those of other colleges similar to our own, and hence varies greatly in form, treatment, and size from those which have been published heretofore. As will be seen, it has many innovations such as new and orderly arrangement into main sections and sub-sections, entirely new arrangement of group photographs, a section on fraternities and one on publications, a "who's who" section and new treatment of school songs. Other less striking though important changes are more snapshots, new arrangement of faculty and graduate panels, different treatment of individual athletic photographs, provision for autographs, and so on.

The staff is proud to be able to offer to the student body an annual of truly collegiate worth.

## *The* SEQUELLE

### PARENTS' DAY—1930

"I would like to have you meet my mother." "This is my father." How many times these two phrases were heard on Parents' Day, May 9. During the afternoon the parents were entertained by many athletic contests which they appeared to enjoy. That night some of the members of the College Players Club presented "Spreading the News", a one-act comedy. The Men's and Women's Glee Clubs also presented programs, showing the parents present that we could be proficient in things other than school work if we desired. Special church services were held for the parents Sunday morning and that afternoon a fifty piece orchestra conducted by Harlan Mitchell furnished a music program that was greatly enjoyed. When the students bade their parents a fond goodbye, they did it with much satisfaction because they had really shown their parents a good time.

### PLAY DAY—1930

Who could forget this day, the most royal of the year? Who cared for sun-burned backs? No one, apparently, for every student of the College took an active part in the Play Day program. Athletic contests occupied the chief part of the day. Those girls who had participated in enough athletics during the year to earn a letter were presented the "C" at dinner that evening. Everyone was tired at the end of the day but did not show it for this was the night of the Spring Dance.

### SPRING DANCE—1930

This dance was attended with the usual success of Clarion dances. Everyone forgot their sun-burn after the dance had started. The only flaw to this dance was the unusual heat of the night, but everyone disregarded this and so made the Spring Dance one of the most delightful of the year.

### ALUMNI DAY—1930

Many old friendships were renewed on this day. Everyone appeared to be happy to be back amidst the old surroundings and friends of C. S. T. C. and to receive particular enjoyment from the dinner and dance. The Women's Glee Club made its final appearance at dinner on this night. It is hoped that the alumni will continue to return to Clarion on Alumni Day.

#### FRESHMAN RECEPTION—1930

The Freshmen were guests at a reception on September 6. The reception, sponsored by the Y. W. C. A. and Y. M. C. A. is a means by which the Freshmen may get acquainted with the members of the faculty, upper classmen, and their own classmates.

#### HALLOWE'EN PARTY—1930

October 25, was a gala night at Clarion. It was a celebration not only of Hallowe'en but also of Clarion's only win during the football season. The dining room was fantastically decorated; ghosts appeared from every corner; gay costumes added their touch to the carefree play and talk. A most delicious dinner was served at six o'clock. Following this, an entertaining program was presented. Dancing until eleven, gave the party the last finished touch.

#### FRESHMAN HOP—1931

Low glimmering lights, soft alluring music, and the Freshman Hop will soon be started. Into the hall, the Grand March makes its way. The hall, decorated in futuristic designs attracts the attention of many eyes. Evening gowns of every color—tuxes—all these go to make up the Freshman Hop of 1931. Congratulations, Freshmen.

# WHO'S WHO

### RUTH CAMPBELL (Senior)

Ruth told us once that she would rather drive an automobile than eat a chicken dinner. Now we can hardly believe that, but we can believe this of her, she would rather entertain than study. We prophesy that Ruth will long be remembered in Clarion for her brilliant dramatic entertaining as a member of the College Players and Girls' Glee Clubs. But Ruth can study, too—she graduates this year with a degree and an enviable record. While in college Ruth has always been very active in all phases of student life. She has belonged to the Clarion Call and Sequelle staffs, and to the College Players, Art, Journalism, Travel, Outdoor, Hostess, and Girls' Glee Clubs; she has also starred in athletics and possesses two letters in basketball and one for general athletic participation and was head of hockey in 1930. And last, but not least, Ruth is well known as a prominent member of Sigma Delta Phi.

### WILLIAM FLANAGAN (Senior)

We know Bill best for his innate ability to speak. As an outstanding member of the Debating Club for four years, Bill has represented Clarion against a majority of the teachers colleges of the state, his splendid work being no small factor in winning recognition for Clarion as outstanding in such work. Bill is one of those Seniors who are very disgruntled if the grade sheets received do not show straight A's. Bill finds time, however, to also engage in extra curricular activities. He was editor of the 1929 Sequelle, and has belonged to College Players and Journalism Clubs. Bill is perhaps most famous as being a charter member of three fraternities of Clarion, the social Alpha Phi Alpha and the honoraries Pi Gamma Mu and Phi Sigma Pi. To top his record, Bill is president of the Senior Class of 1931.

### LUCILE FROST (Sophomore)

Lucile, with her whimsical nose and serious air of moments, is commonly known as "Chub" or "Chubby", and, as are most people with similar nicknames, she is very good natured and friendly and happy. So well is Lucile liked that her fellow students have made her president of the Y W C A, an honor which is one of the greatest on the campus. During her two years here, Lucile has belonged to the Sequelle Staff, the Journalism and Hostess Clubs, and the Library Council. Lucile likes athletics, takes part in all intra-mural sports, was a member of the varsity volley ball and basketball teams, and is thoroughly respected by all for her clean, hard playing and good sportsmanship.

### TILMAE GOSETTI (Sophomore)

Tilmae states that she would rather translate Latin than do anything else at school. But while we must admit that she does that brilliantly, we'll add that she also does many other things nearly as well. First of all, Tilmae makes people like her; she is always smiling and helpful. And she takes part in most student activities—she has been a member of the Sequelle Staff, the Vested Choir, and the Manuscript Writing, Travel, and Outdoor Clubs. She is the treasurer of the Sophomore Class and in all athletics Tilmae takes a leading part. She won the college letter in 1930 for general athletic participation, playing upon the varsity hockey and varsity soccer teams. This year she was head of sports in basketball.

## *The* SEQUELLE

### JAMES KASSELL (Sophomore)

Jim is both serious and droll, hard-working and fun-loving, conscientious and persistent. When he starts to do anything, all about the college are certain that it will be well done, whether it be tackling an encircling end, or making a special report in class. Jim is well-liked by students and faculty alike, and with reason. He is outstanding in whatever he attempts. He plays basketball and takes part in track, and last season when he won his grid-iron letter, he was one of the most brilliant and steady players of the eleven. Jim carries his brilliance into dramatics where his work is remarkable for his vivid character interpretations. His portrayal of the convict in "The Bishop's Candelsticks" will long be remembered by all who saw the play. At present he is president of the College Players Club, Alpha Phi Alpha proudly claims him as its member, and he is also a member of the national honorary Phi Sigma Pi.

### ROBERT LINDQUIST (Senior)

Bob's personality is such that he is doing a wonderful thing—he is acting as Dean of Men in Seminary Hall and yet holding the respect and liking of every man in the Hall. Not many of the fellows in school could do that. Yet when we think of Bob we do not usually think of him in any connection but athletics. For three years Bob has been the most steady and reliable center Clarion's elevens have ever had—he is the proud owner of the football award as the most consistent player upon the team. Bob also takes part in other games—he plays basketball and engages in track. His general achievements are such that he is president of the Varsity "C" Club. Bob is a prominent member of the College Players' Club and was business manager of the Sequelle in 1930. And last of all, Bob is a charter member of Alpha Phi Alpha, and also a member of the honorary fraternity Phi Sigma Pi.

### STANLEY LORE (Junior)

Smiling, genial, and friendly, Stan is one of the quieter but more popular members of Clarion's student body. He is always kind, thoughtful, and studious, a brilliant musician and actor, liked by everyone. As a hint to his student ability, we may mention that he is the holder of the State Scholarship of Warren County for the Class of 1928, and also took first place in the Carnegie Tests given in this school last spring. Stan is a past president of the College Players Club and Treasurer of the Y. M. C. A. He is at present, president of the Men's Glee Club, a member of the Sequelle Staff, Vested Choir, Y. M. C. A., and a charter member of the new Press Club. His social fraternity is Alpha Phi Alpha. He also belongs to the honoraries Phi Sigma Pi and Pi Gamma Mu.

### JOHN MOCHNICK (Junior)

Johnnie is a hard working student whose drive and push have made him outstanding in scholarship and in all activities of college life. He is dependability in itself—indeed, we are inclined to believe that he is so dependable that he is at times imposed upon by teachers or students who want something done and done well. John is a member of the Press Club, and most every other student activity sponsored by the college. Johnnie belongs to three fraternities: Alpha Gamma Phi, Phi Sigma Pi, and Pi Gamma Mu.

**ALFRED MOONEY (Senior)**

"Socrates", as he is termed by many upon the campus, doesn't seem to do much work (except to help others) yet always knows his history and mathematics. Indeed, his history reports for Mr. Huston's classes are said to be exemplary. Alfred is quite active extra-curricularly, during his four years at Clarion, he has been a member of Clarion Call and Sequelle staffs, and of the Debating, Press, and College Players Clubs, has taken part in three full-length plays, and possesses three basketball letters. Fraternally speaking Mooney is a charter member and was the first president of Sigma Phi Delta, he is also a member of the national honoraries Phi Sigma Pi and Pi Gamma Mu.

**VIOLET PRESSLER (Sophomore)**

"Pat" is the name which seems to be always given to this vivacious and charming student who is forever letting others know that her home is Greenville, Pennsylvania. But being loyal to her home town is what we would expect of "Pat"; she is loyal to all friends, teachers, and school. Indeed, "Pat" is so loyal to the Current Events Club of which she is the president that she contends it is the most interesting and best club on the campus—and perhaps it is, we never debate with a woman, especially one who is as loquacious as "Pat". She belongs to the Girls' Glee Club, and is on the Sequelle staff. And, finally, "Pat" concludes her list of activities with what we are sure she regards as an honor—charter membership in the sorority Zeta Kappa Nu.

**LEWIS WELLS (Sophomore)**

Lewis Wells is a name to conjure with about Clarion. "Lewie" is a very active and outstanding member of the Clarion student body, always sympathetic and smiling, generous and friendly, a genuine good fellow. He has many friends. Lewis ranks high in scholarship. But he does not put in all his time in study, as is evident by his being a past president of the College Players Club and the present president of the Press Club, Sophomore Class, and president-elect of the Y. M. C. A. He likes to act, and has been in several plays; he likes to write also, and has been a member of both Clarion Call and Sequelle staffs. "Lew" was very noticeable last fall as cheer leader during the football season. And lastly, he is a member of the national honorary fraternity Phi Sigma Pi.

**PAUL WHITEHILL (Sophomore)**

Paul would by no means be placed at the end of this list were it not for the fact that his name is placed here alphabetically. For Paul is one of the brilliant students of the Sophomore Class, gifted with intellectuality and persistence, genial and smiling. If he were not, he would have sworn long ago, for he is editor of the 1931 Sequelle, and the work necessary to such a publication must have capable and willing shoulders to uphold it. In addition to being editor of the Sequelle, Paul belongs to the Outdoor Club and was a member of the old Journalism Club. His fraternity is Alpha Phi Alpha.

Mr. Huston—"What was the first thing James I did when he came to the throne?"  
Bowser—"Sat on it, I suppose."

K. Simpson—"How do you like bathing girls?"  
Greenawalt—"How should I know? I've never bathed one."

"Gosh," moaned Frances Neil in history class, "but some people are inquisitive."

P. Heasley—"Don't tell me you didn't have a date last night. I saw you with my own eyes."

Travis—"Well, are you going to believe me, or your own eyes?"

C. Smith—"What's your line sister?"  
M. Kapp—"Line of least resistance, brother."

Mr. Manson—"When rain falls, does it ever rise again?"  
Hartman—"Yes, sir."  
Mr. Manson—"When?"  
Hartman—"In dew time, sir."

Stute—"Can you get me a job when I graduate?"  
Wilkinson—"Yes, if you'll start from the bottom and wake up."

Two students in the chemical lab:  
Bill Russell—"Say, what's that smell?"  
H. Ashbaugh—"Fresh air. Someone opened the window."

Shankle—"Who's that dame giving us the glad eye?"  
Williams—"Oh, just a school teacher who can't make her pupils behave."

Mr. Hoyt—"What do you know about nitrates?"  
Whitehill—"Well, night rates are cheaper than day rates."

Dr. Riener—"Do you get here every morning at 8:00?"  
Miss Green—"If you got here yourself you could find out."

S. Phillips—"Let me give you a dozen orchids at a dollar each. Remember—say it with flowers."  
M. Snyder—"A half dozen will be plenty. I don't want to say too much."

Don't feel flattered when a woman makes advances. She may just want somebody to help kill her husband.

Betty Dean—"College boy?"  
Kremmel—"No. I couldn't get in where I wanted to go."  
Betty—"What did you try for?"  
Kremmel—"Vassar."

Coach—"You see, he's good on a muddy field."  
Assistant—"Yes, his girl has a muddy complexion."

Powers—"I wonder who this telegram is from?"  
Stover—"Western Union, I recognize the handwriting."

Wid. Sheller—"Does this wind bother you?"  
Mabel Bruce—"No, talk as much as you please."

Miss Nair—"This essay on 'Our Dog' is word for word, the same as your brother's."  
C. Logan—"Yes, it's the same dog."

Murphy—"I believe this school is haunted."

Coggon—"Why?"

Murphy—"They are always talking about school spirit."

The steak was a la carte so the Freshman told the waiter to wheel it in—*Kansas Sour Owl*.

Coleman—"Say, Taylor, what's a Grecian urn?"

Taylor—"Oh, about twenty bucks a week, unless it's his own bootblack stand."

Simpson—"I'm stuck on this question."

Huston—"Glad you like it."

Incidentally, here's a good slogan for fraternity initiations, "Bottoms up."

Most women are satisfied with a fifty-fifty break. Both parts of it.

Sir Sagamore—"I prithee, fair damsel, a sleeve to adorn my helmet through the jousts."

C. S. I. C. Maid—"Merely a sleeve? Take my, ah, dress."

Senior—"What's your name?"

Frosh—"I'm Swift."

Senior—"You can't fool me. Where's your electric rifle?"

Dr. Riemer—"We plan to add five more courses next year."

Mumms—"But won't that increase the number of flunks?"

Dr. Riemer—"Oh, no. These courses are specially designed for football players."

Mr. Bland—"Wells, run up that curtain."  
Wells—"Whaddya think I am, a squirrel?"

C. Fox—"You should put your hand over your mouth when you yawn."

J. Letzer—"What? and get bitten!"

Miss Sandford—"Who was the most beloved girl in France?"

Vantassel—"Mademoiselle from Armentieres."

Miss Sandford—"No, Joan of Arc Clyde, you will remain for a few minutes after class."

Miss Sheldon—"Name six wild animals found in Africa."

Wid. Shreffler—"Two lions and four tigers."

Here's to the stuff that makes a man see double and feel single.

Love may be blind but it knows when there's too much light in the room.

This space reserved for a joke on President Riemer ? ? ? ? ?  
We feel safer if we leave it out.

"What ho! Cassius, what means the word symmetry?"

"Begone, Fool. A symmetry is a place where the dead are buried."

College is an institution of loaning.

Prof—"Now, class, give me your attention, please."

All the Scotchmen got up and walked out.

**ADVICE TO MODERN MAIDENS**

1. Keep away from track men, they are usually fast.
  2. Never make dates with biology students, they enjoy cutting-up too much.
  3. The football man is all right, he will tackle anything.
  4. You can trust a tank man, he will dive in and do his best.
  5. The tennis man is harmless but he enjoys a racket.
  6. Watch out for the baseball man; he hits and runs.
  7. Be careful of dramatic club members; they usually have several good lines.
  8. Don't play cards with a civil engineer, he is a bridge specialist.
  9. Don't let members of the band talk about themselves, they enjoy blowing their own horns.
  10. Don't bother the bootlegger, their line is stout.

## THANKS

We wish to take this opportunity of expressing our appreciation for the interest and co-operation by the student body in the publication of this year's Sequelle.

We have tried in every way to make our annual a high quality publication. Originality and artisticness have been our aims. We feel that we have succeeded in attaining these. It is our hope that this will head a long chain of increasingly better Sequelles.
